

disheveled and disrobed  
the light catches her eyes  
pools of pleasure in disguise  
beckoning me

outstretched  
she unfolds herself for me  
her scent is alluring  
inescapable

a whisper tumbles from her quivering lips

"Daddy?"

She cries impatiently  
I've kept her waiting awhile

Stroking her gently  
I shush her into subservience  
She gets that way  
Always bratty before bedtime

I put her pacifier in her mouth  
she sucks at it quietly  
glowering and fussing  
I know what she really wants

I brush her hair carefully now  
it's beautifully blonde and blanket-like  
"Have you been a good kitty?"  
I ask as she nods vigorously

I cup her little breasts in my hands  
and gently slide my fingers down her back  
she wiggles in anticipation  
as I work my way between her legs

"mmmm"

she moans when I touch her womanhood  
soaking my digits with her juices  
her spine bends beneath me

"please" she pleads  
her paci falling away  
she grips my sides  
flashing her puppy eyes

"say ah"

I whisper and she obeys  
opening her mouth to accept me  
she sits up on her knees

I pet her while she goes to work  
her eyes locked on mine  
she grabs my balls  
and strokes my shaft

Her tongue and teeth tease me  
as she's eager to please me  
I force her to eat it all  
and the tears start to stream

I growl  
"good girl"  
whilst she chokes  
and I tangle her hair again

saliva drips from her chin  
but she keeps her momentum  
and her eyes up  
as I control her head

the bell on her collar jingles  
and I know I'm close to climax  
but I'd rather cum in her  
so I take my time now

when she starts to squirm  
I push her away  
and jerk her legs wide apart  
submerging my throbbing member in her

she gasps and gushes immediately  
as I ram myself deep inside her  
I can taste me with her kiss  
and she clings to me like a life-raft

"Can I cum, Daddy, please?"  
she cries out  
but I ignore her  
"please, please, please" she repeats

I pull out now  
"Daddy, no" she huffs in exasperation  
before I thrust back inside her  
and her head falls back again

"I can be a tease too" I say  
biting on her ear  
and chewing on her neck  
I feel her getting wetter

Soon, I cant wait any longer  
I burst inside her  
filling her and spilling onto the bed  
I let out a long moan

But I'm not finished with her  
to her surprise  
I push her back down  
when she starts to get up

Holding her by the throat  
I barely enter her  
edging her still  
as she writhes wanting more

Eventually I give it all to her  
"oh yes, yes Daddy" she exclaims  
"please let me cum for you"  
"yes, doll" I say

Moving faster now, I choke her  
and soon shes grabbing the sheets  
moaning and squirting  
her face turns blue and I let go

she begs as she comes to  
before her eyes roll back  
and she wriggles like a ragdoll  
making a mess beneath us

spent, I roll off her and we lay there heaving  
her cheeks are pink  
when she rests her head on my chest  
she yawns sleepily

"thank you so much, Daddy" she whispers  
before closing her eyes  
and drifting off  
out like a light
