Little moon
Praise your spirit
In your heart you'll find
A safe space here
Plenty
Homely intentions
And quiet ruminations
Re-acquittance and re-discovery
Relegation
Perhaps playfully
Ash endlessly against me
Burn out
Beneath me
Cash out if you have to
But breathe me
Underneath you
I love you
For you
Little moon
Spirit of mine
Attune & shine
Align to my design
Identify
Whisper to me
And scrape by
By my side
Be my bride
Pride of mine
